

# CHILDREN'S BOOK & MEAL GIVEAWAY

In partnership with SUNY Upstate's Healthy Neighbor's Partnership and the Pioneer Homes Tenant Organization, SHA had a giveaway on September 10th of school supplies, children's books, and a boxed Subway Lunch!

Representatives from the Healthy Neighbor's Partnership provided residents with important information on resources and services aimed at improving the health and living conditions of those living in Pioneer Homes and handed out wonderful children's books to those that attended.

Residents were also able to receive helpful information about the importance of receiving timely mammograms from SUNY Upstate's She Matters® representatives, which is a community outreach program that educates women on the importance of breast cancer screenings.

It was a great community day for all!
